

In the Box . . .

Inside the Bellmetrics Grouping Cards package you will find:

- 📁 **50 Grouping Cards**
- 📖 **Manual** - describes the cards and how to place people into groups
- 📖 **Booklet** - with ideas for card games and workshop activities “e.g. ice-breakers, warm-ups and energisers”

“These cards are a breath of fresh air! I have found them fun and effective in breaking course and workshop participants into small groups - and the range of options ensures that good mixing occurs over the time period. They have also proven to be effective in warm-up activities and adding an extra zest to the program.”

Grouping card uses

-  A tool for group activities such as energisers
-  33 choices to divide people into 2 and up to 10 groups for up to 50 people
-  Minimum of 3 choices per group size
-  Symbols and patterns are computer generated for a good mix of participants across groups.

The mix of symbols, patterns and pictures provide you with a tool to develop your own games and educational activities.

The card symbols and patterns offer 15 different ways to put people into 2 to 10 groups (see diagram below).
